

CITREATT™ SPECIALITIES

“侍利” 特殊品

These products are a range of "From The Named Fruit"(FTNF) concentrated and terpeneless citrus oils. This range of oils is produced by solvent extraction. The oils retain their volatile flavour components, which are usually lost during a traditional distillation process. The retention of these components gives these oils a superior natural flavour, making them ideal for beverage and essence manufacture.

這些產品是“天然水果”(FTNF)的濃縮和無萜柑橘等油類。這種油是用溶劑提取的。這種油類是一種高級的天然食品香料，因為它們的揮發食品香料成分，而通常的蒸餾加工方法是會損失這些揮發成分的。它們為飲料和香精生產提供了理想的原料。
