

Material Safety Data Sheet

1

Date of print: 23.08.2004

EG 91/155 EWG

revised at

1 Identification of the product and of the company

Trade name

Candle wick – unbleached

Manufacturer/ Supplier

Westdeutsche Dochtfabrik GmbH & Co.KG
Ravensstr. 46
D-41334 Nettetal

Division for information

Management

Telefon: +49 21 57-12 06-0

Telefax: +49 21 57 -63 62

2 Composition/ information on ingredients

cotton thread, impregnated;

impregnatin with anorganic potassium- and sodiumsalts, contents max. 0,5 %

3 Hazards identification of the product

inflammable

4 First aid measures

not applicable

5 Fire-fighting measures

Suitable extinguishing media

Jet of water

Cooling down of burnt material necessary

Extinguishing media that must not be used for saftey reasons

Gaseous extinguishing media are not to be used.

6 Accidental release measures

not applicable

7 Handling and storage

handling

no further requirements

storage

keep away from heating- and ignitin sources

Material Data Safety Sheet

2

Data of print: 23.08.2004

EG 91/155 EWG

revised at:

8 Exposure controls/ personal protection

no further requirements

9 Physical and chemical properties

Physical state

Physical state: solid
Colour: white
Odour: odourless

Safety relevant data

Autoflamability: 350°C
Solubility: Impregnation << 1 g/l at 20°C

10 Stability and reactivity

Conditions to avoid

None

Materials to avoid

None

Hazardous decomposition products

None

11 Toxicological information

Quantitative data about toxic effects are not known.

12 Ecological information

General statements

Cotton fibres can be decomposed biological. Negative ecological effects caused by the impregnation are not to be expected.

13 Disposal consideration

Disposal as domestic garbage like commercial waste

14 Transport information

The product is not affected by transport regulations.
